Figure 1 shows a 4x4 grid with X and Y axes. The start cell is at (1,1) and the goal cell is at (3,2). The grid is divided into three regions: a red region (start cell), a blue region (search area), and a green region (goal cell). The path is highlighted by the sequence of cells visited: (1,1) → (0,1) → (0,2) → (1,2) → (2,2) → (3,2).
