Figure 1 shows a 2D grid with X and Y axes ranging from 0 to 3. The grid contains black, white, and red cells. Black cells are located at the corners: (0,0), (0,1), (0,2), (0,3), (3,0), (3,1), (3,2), and (3,3). Red cells form a 2x2 block from (1,1) to (2,2). Blue and green arrows represent movement directions. Labels  $a_1$ ,  $a_2$ , and  $a_3$  are placed near the arrows.
