Figure 1 shows a 4x4 grid with X and Y axes. The start cell is at (1,1) and the goal cell is at (2,2). The grid is divided into four quadrants. The start cell is red, and the goal cell is green. The path is highlighted by a blue line from the start cell to the goal cell. The search area expands from the start cell to include cells (1,2), (2,1), (1,3), and (2,3) in the second step, and then to include cells (0,1), (0,2), (3,1), and (3,2) in the third step. The path is highlighted by a blue line from the start cell to the goal cell.
